The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of Local Boards in the Bombay Presidency during the year 1909-10.

Number of boards.

RESOLUTION.—In the year under review the number of District and Táluka Local Boards remained unchanged.

Area and population.

2. Apart from some slight territorial adjustments between the districts of Sholápur, Belgaum and Sátára, the area and population of the local boards remained unaltered.

Constitution.

3. The Sehwan Táluka Board in the Lárkána District in Sind, which formerly consisted of four elected and eight nominated members, now consists of an equal number of the two classes. The number of nominated members of the Táluka Board of Dádu was increased by one. The term of office of the District Board and eight out of eleven Táluka Boards in the Sátára District was extended to 31st August and 31st July respectively, as the preliminaries prescribed by law had not been complied with in time to allow of the holding of fresh elections.

Triennial elections were held in the districts of Karáchi, Thána, Belgaum, Kolába, Ratnágiri, Ahmednagar, West Khándesh and in some parts of Kánara. In all the districts except Karáchi and Kolába the electors were apathetic and indifferent, notably in Bassein in the Thána District where only 79 out of 661 enfranchised electors attended the polls. In three groups of the Sátára District and one group in Ratnágiri no candidate came forward for election and consequently the appointment of three members had to be made by Government under section 24 of the Local Boards Act. The electors in the more advanced tálukas of the Karáchi District exhibited keen and lively interest in the electoral proceedings.

Meetings.

4. In the Presidency proper 1,298 meetings were held against 1,283 in the preceding year, and 14 were adjourned for want of a quorum against 65 in the preceding year. The rule regarding half-yearly meetings was complied with by all district local boards except Ahmednagar which however held three general and one special meeting during the year. Eight táluka local boards in the Northern Division, sixteen in the Central Division, six in the Southern Division and two in Sind failed to hold the prescribed number of meetings. The provisions of section 34 of the Bombay Local Boards Act were made use of, whenever necessary, by circulation of papers among the members. There was a slight falling off in the average attendance of members in all the divisions of the Presidency, including Sind.

5. The total income of the boards increased from 65 lákhs to 68⅓ lákhs.

The following statement compares the receipts under the principal heads of revenue with those of the preceding year :—

	1909-10.	1908-9.	Increase.	Decrease.
		Rupees in thousands.		
Land Revenue	1,74	1,53	21	...

Miscellaneous	33	98	...	65
Civil Works	4,85	5,95	...	1,10
Contributions	25,70	22,93	2,77	...

6. There was a rise under the head "Land Revenue" due mainly to increased receipts from sand and quarry fees in the Thána District and the leasing of the Malavni stone quarries.

The expansion of revenue from "Provincial Rates" was due to extended cultivation in Sind under a favourable inundation and to the collection of arrears of past years in the Central and Southern Divisions. "Contributions" show a marked rise attributed to special grants made by Government towards the cost of primary education, of improvement of village water-supply, of veterinary dispensaries, and the like.

The decrease under "Civil Works" is due mainly to the abolition of toll-bars.

7. The incidence of income per head of population rose from 6 annas to 6 annas 4 pies and that of taxation from 2 annas 9 pies to 2 annas 11 pies.

8. The expenditure of the boards amounted to 69⅓ lákhs against 67 lákhs in the preceding year.

The following statement shows the distribution of the expenditure under the several heads compared with that of the previous year:—

	1909-10.	1908-09.	Increase.	Decrease.
		Rupees in thousands.		
Administration	1,59	1,60	...	1

Interest on Debt	5⅓	5½	...	⅙

9. The important variations in the above figures are noted below.

Education.—The increase under this head was shared by all the Divisions and was due to the opening of new schools, to the grant of promotion to primary school-masters, the entertainment of an additional staff of trained head-masters and assistants, the grant of scholarships, and the purchase of furniture. The Governor in Council is glad to learn that the Honourable Khán Bahádur Syed Allahando Shah has made himself responsible for the collection from local Zamindárs during the next four years of an annual sum of Rs. 1,152 which will provide sixteen scholarships to be held by poor Muhammadan boys who are being educated at the school started at Nausháro. Female education received encouragement at the hands of several district boards in the Southern Division, but the progress is said to be retarded in Belgaum and Bijápur for want of trained female teachers. The education of the depressed classes has continued to receive a fair amount of attention, while industrial education has not been neglected. The six carpentry classes in Belgaum were well reported on, but insufficient attendance led to the closing of the weaving class, which was opened in 1907. The Kárwár weaving class turned out 47 trained boys.

Medical.—There was a notable increase in the Medical expenditure which is ascribed to grant of allowances to itinerant vaccinators, the equipment of several dispensaries with furniture, the construction of new dispensaries, the transfer of certain dispensaries to local boards and larger grants to sanitary boards. In Sind special efforts were made during the malaria season to combat the ravages of fever. The system of the sale of quinine by banias initiated in the Karáchi District was found to work well. In the Sukkur District two medical officers were specially entertained to tour in the district and distribute quinine and other medicines.

10. *Civil Works.*—This head shows a net decrease of Rs. 54,000, shared exclusively by Sind and the Central Division, the former contributing Rs. 33,000 and the latter Rs. 70,000. In the other Divisions however the expenditure

under this head has increased. The aggregate charge under this head in the whole Presidency, including Sind, is 51⅓ per cent. of the total expenditure of the boards against 52 per cent. in the preceding year. The following statement compares the charges under the various sub-heads with those of the preceding year :—

Miscellaneous		16	18	...	2

During the year under review a large number of school-houses, dispensary buildings and staging bungalows were erected. As in the past, expenditure in connection with communications was the largest, although there is a slight decline over the total of the preceding year. In all districts repairs were carried out, new roads were in progress or completed, old roads improved, ferry boats purchased and bridges built, effecting in the sum a considerable advance in the means of communication in the Presidency.

11. Similarly water-supply in rural areas received attention, the progress made being represented in the Southern and Central Divisions by the construction of 100 new wells, the improvement of 89 old ones, and the completion of 46 tanks, while Rs. 1,55,000 were spent on similar objects in the Northern Division, and Rs. 4,23,000 were spent in Sind, mainly on wells.

12. There was an increased outlay of Rs. 6,000 under "Arboriculture". In Sind 139 miles of roads were planted with trees. Special efforts were made in this direction in East Khándesh, Ahmednagar and Sátára.

13. The appended Table A shows the opening and closing balances of the boards of the different districts in each division. The closing balances of the boards in the Presidency amounted to Rs. 28½ lákhs against 29¾ lákhs in the preceding year. In the Northern Division the accumulation of Rs. 7,70,000 is less than that of the previous year by Rs. 1,20,000, but it amounts to nearly four times the total minimum balance prescribed for that Division (*viz.* Rs. 1,99,000). The closing balances of the different districts except Broach are considerably in excess of the prescribed minima. In the Central Division the closing balance for the year under report exceeds that of the previous year by Rs. 25,000 and is also more than three times the total minimum prescribed for that Division. In the Southern Division, the closing balances of the several boards are also much in excess of the prescribed minima except in the case of Kolába. In Sind the closing balance, though somewhat less than that of the previous year, is still 12 times as large as the total minimum prescribed for that province. The reasons for the large closing balance are attributed to unexpected receipts due to the recovery of arrears of land revenue, scarcity of labour, lack of efficient establishments and the consequent inability to complete works in time and the non-utilization by the Public Works Department of the amounts placed at its disposal for certain works. Provision has been made in the supplementary budget for utilizing these balances. The Kaira Board has under consideration a large scheme of through communications and is apparently husbanding its funds in expectation of the work being actually taken in hand. Rs. 20,000 have been provided in a supplementary budget by the District Local Board, Bijapur, for contribution to the Bijápur Municipality for the improvement of the water-supply of that town. A great part of the balances in Belgaum, Dhárwár, Kolába and Ahmednagar belong to the educational section, some portion of which has been earmarked for new school buildings.

14. The general administration of local boards continued to be as a rule satisfactory, but inefficient management marked the affairs of the Dhárwár Táluka Local Board which led to its supersession after the close of the year under report. The non-official members, with a few notable exceptions, manifest little interest in the affairs of the boards and the success of the boards depends mainly on the energy and attention devoted by district and táluka officers. The works committees in the Northern Division, except in the Panch Maháls, and those in East Khándesh and Sholápur are said to have taken a fair amount of interest in their duties, while very little good has been done by these bodies in the Southern Division. In the East Khándesh District, a set of simple rules defining the duties of works committees is under preparation, and this example may be usefully followed in other districts. The Governor in Council is of opinion that the rules should provide that each member of a works committee should be entrusted with the supervision of certain specified works and that it should be his duty to record his remarks on each visit to a work in a book kept for the purpose. The District Board, East Khándesh, has revised the rates of pay of their maistries with a view to securing a better stamp of man. This measure may be recommended to other boards.

In the Northern Division the improvement of water-supply requires attention but large schemes appear to be beyond the means of any board. When further results have been received from the deep boring experiments, it may be possible to undertake relatively economical schemes for rural water-supply.

The main wants of the Southern Division are above ghats improvement in certain places in water-supply and below ghats improvements in communications. The boards below ghats are poor, the Kánara Board being specially badly off since the greater part of the district is forest on the revenue from which no cess is payable. The suggestion that part of the forest income should be ear-marked for local expenditure is under the consideration of Government.

In the Central Division most of the Boards have not much money to enable them to embark on large schemes after recurring charges are met.

15. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and other officers and Departments concerned.

L. ROBERTSON,
Secretary to Government.

The difference between the figures in col. 99 of last year's statement No. III and col. 3 of this statement is explained as under :—

(*a*) *Increase* of Rs. 6-10-2 in District Board and of Rs. 1-10-0 in Bulsar Táluka Board and of Rs. 8-4-2 in grand total is due to adjustment of receipts as per Accountant General's No. B. K.—339, dated 12th October 1909.

(*b*) Decrease of Rs. 200 in District Board and Investment Account balance is due to conversion of 3 per cent. Government Security of Rs. 2,000 into 3½ per cent. *ones* of Rs. 1,800 of the R. G. Veterinary Dispensary Fund.

(*c*) Decrease of Rs. 20 against Deposits and increase against Jalalpor is due to subsequent adjustment of contractors deposits forfeited.

* Balances modified to keep agreement with the certificate of balances submitted to the Accountant General, Bombay.

There is a difference of Rs. 250. The reason is that after the submission of the Annual Statements the Accountant General intimated that a debit of Rs. 250 should be given and balance reduced on account of Cattle pound forms as per his No. T. A-11—1097, dated 5th July 1909.

* For the difference of Rs. 84,536 between the closing balance of the last year shown in Column 99 and opening balance of the year under report—Please *vide* remarks made in the Remarks Column of Statement No. II.

† The difference to be seen between the figures of the several actual balances entered in Columns 97 and 98 and the actual balances reported to the Accountant General, is due to eliminations of annas and pies from the several columns of credit and expenditure sides as directed in Commissioner's Central Division's No. P.-360, dated 22nd July 1910.

* As per Accountant General's letter No. B. U.—1950, dated 26th January 1910.

* Of this Rs. 159 were spent as plague charges and Rs. 3,080 represent expenses during epidemics.
